Minutes and Resolution: The Governing Body of the Chhatrapati Shivaji Maharaj University Panvel has convened for a special meeting, pursuant to the event of the imminent expiry of the tenure of the incumbent Vice-Chancellor of the Chhatrapati Shivaji Maharaj University Panvel, Navi Mumbai.

The Chairperson briefed that the incumbent Vice-Chancellor, Prof. (Dr.) A. K. Sinha, had been appointed by a special meeting of the Governing Body held on 29 June 2018 from a panel of three suitable persons sent by the search committee constituted for this purpose.

The Chairperson expresses his delight in stating that the incumbent Vice-Chancellor has been working tirelessly since taking charge of his office and together with the capable members of the University Academics, he has put the Chhatrapati Shivaji Maharaj University, Panvel to a formidable position in the educational map of the region. He applauds the steps taken by the Vice-Chancellor to safeguard the staff and students of the University during the times of pandemic and providing constant support to evolve the educational infrastructure bridging the gap created by the pandemic.

Further, The Chairperson called for deliberation on starting the search and selection process for a new Vice-Chancellor as the expiration of the tenure of the incumbent Vice-Chancellor due on 30th June 2021. He also expressed his concern over the conduction of the search, selection and appointment of a new Vice-Chancellor at the time of the COVID-19 pandemic that restricted normal movement and activities.

CHHATRAPATI SHIVAJI MAHARAJ UNIVERSITY PANVEL, NAVI MUMBAI

Dr. N. M. Sharma has proposed that, given the impressive leadership of the incumbent Vice-Chancellor, and due to the raging pandemic, a logical solution is that, pursuant to the provision of the section 14(1) of the Chhatrapati Shivaji Maharaj University, Panvel Act 2018 (Maharashtra Act No. XXXII), the incumbent Vice-Chancellor is nominated for a renewal of his tenure. This proposal was seconded by Mr. Naveen Katar and was supported by the rest of the members present.

Therefore it has been unanimously resolved by the Governing Body that Prof. (Dr.) A. K. Sinha shall, at the end of his tenure of the Vice-Chancellor of the Chhatrapati Shivaji Maharaj University, shall resume the office for a second term as per the section 14(1) of the Act and Section 3.2.1 of the Statutes of the University.

The meeting was adjourned with a vote of thanks to the Chair.

Consultancy Policy

EFFECTIVE FROM SESSION: 2020-21

**CHHATRAPATI SHIVAJI MAHARAJ
UNIVERSITY PANVEL, NAVI MUMBAI**

(STATE PRIVATE UNIVERSITY ESTABLISHED UNDER ACT XXXII OF GOVT. OF
MAHARASHTRA 2018 AND RECOGNIZED BY THE UGC)

1. INTRODUCTION

Consultancy is well recognized as an effective way for universities to disseminate knowledge and make an early and direct impact on society. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the University must be protected. This Policy provides provisions for conducting consultancy to ensure that consultancies undertaken by staff are consistent with the University's strategic and operational objectives and the costs are sustainable.

CSMU is committed to making its expertise available through service to industry, commerce, government, professions, arts and other educational and research organisations.

2. THE POLICY

All Research and Non-research consultancies as described in this Policy are governed by the following guiding principles:

- (a) There should be demonstrable benefit to the University from the consultancy through income, enhanced reputation, and/or expanding the expertise of the staff member.
- (b) The Consultancy must not be in conflict with University policies including those governing employment; such as the Code of Conduct Policy.
- (c) The Consultancy must not be in conflict with the functions, objectives or interests of the University or damage the University's reputation.
- (d) At a minimum, the salary and on-cost charges set by the University must be applied to all project budgets. All Consultancies are required to include overheads.
- (e) Staff members shall not undertake external research activities where no formal agreement has been authorized by the University unless they are on leave without pay, approved by the Dean concerned. Such faculty may not use their CSMU affiliation or academic title when providing research services that are not approved by the University.

2.1. University Research Consultancy

A Research Consultancy exists where an academic staff member provides research skills or expertise in return for remuneration from an external funder. A Research Consultancy may be the outcome of a tender or an individual negotiation.

2.2. University Non-research Consultancy

Non-research Consultancies include non-research activities performed under contract for a third party. Non-research Consultancy would include the provision of professional services to external agencies for a fee. This would include, but not be limited to, routine laboratory and other testing of materials, devices or products, analysis of data such as market surveys, opinion surveys etc.. The provision of professional services such as designing, legal and medical advice undertaken by members of faculty and staff.

2.3. Private Consultancy

In Principle a faculty or staff member is not supposed to undertake a Private Consultancy unless it is approved by Dean (R&D) and the Registrar. However, the faculty or staff conducting private consultancy shall ensure that such work does not affect their allocated duties, obligations to the university.

None of the benefits set out for University Consultancy are available to faculty and staff undertaking a Private Consultancy.

It is the responsibility of the staff member undertaking a Private Consultancy to make clear to the person or body for which the Private Consultancy is undertaken that it is the staff member and not the University who is carrying out the work, and that the University has no responsibility or liability what so ever in the matter. A staff member conducting a Private Consultancy must ensure that the following criteria are met:

- (a) The carrying out of tasks associated with the Private Consultancy will be accomplished without unduly affecting the duties of the position;
- (b) The use of University trademarks such as letterheads, brands etc. or University intellectual property is strictly prohibited in Private Consultancies;
- (c) No University facility (including library resources, power, space, equipment, consumables and telephone facilities) will be used to fulfil the requirements of the Private Consultancy
- (d) The Private Consultancy is not within an area in which the University might be contracting to provide a service on a commercial basis, possibly utilizing the skills of the staff member involved;

- (e) CSMU is not bound by any agreement (written or otherwise) relating to the Private Consultancy;
- (f) The staff member agrees to indemnify CSMU and its representatives from and against all actions, claims, loss, damage, costs, charges, liabilities and demands arising directly or indirectly from or in respect of the Private Consultancy activity; and
- (g) The staff member declares any real or potential conflict of interest to their manager.

3. STAFF ENTITLEMENTS

The University allows staff to engage in Research, Non-research and/or Private Consultancies provided they do not interfere with the discharge their duties. Consultancies shall be undertaken only with the approval of the designated Dean R&D. No limit is placed on earnings. However, there is a limit on the time spent on Consultancy.

3.1. Academic Staff may spend one day per week on approved Consultancies, with a maximum of 48 days per year. Variations to this time commitment require the approval by the Dean concerned. A lesser time commitment may be approved when the proposed Consultancy interferes with the discharge of responsibilities.

3.2. Deans/HODs must obtain written permission from the Vice-Chancellor to undertake Consultancies.

3.3. Benefits of University Consultancy

The University provides the following benefits to staff undertaking University Research or Non-research Consultancies:

- (b) The faculty or staff member will be protected under the terms of the current Insurance Policy held by the University in the event of a claim against the faculty or staff member undertaking the Consultancy or Grant (provided that the claim is not as a result of fraudulent, dishonest, criminal, willful or malicious acts by the staff member).
- (c) Access to the University's financial management processes to support and enable invoices to external organisations for funding and expenditure of project costs.

3.4. All Consultancies are required to include overheads.

3.5 the revenue generated from the consultancy project is shared by the member and the university in a 70:30 ratio after deducting the overheads and all other expenses met by the university.

4. APPROVAL

All University approved Consultancies are required to be approved and managed in accordance with this Policy, associated documents, and other University policies. Applications to conduct Consultancy are required to be approved through.

4.1. Exemptions and Variations

Exemptions to the above and variations to the standard overhead charge must be determined at the time of application, explicitly noted on the Research Funding/Consultancy Application coversheet, and approved by the relevant University Officer.

4.2. Transfers in from Other Institutions

In cases where a Research or Non-research Consultancy or grant is transferred to the University from another research organisation, the overhead will not be taken from the funds where the awarded budget did not include an overhead component.
